## Recruiting Support Services

A more cost effective approach

## Recruiting can be expensive!

(Doing a bad job, can be more expensive)

If you choose to go it alone, there are 2 models:

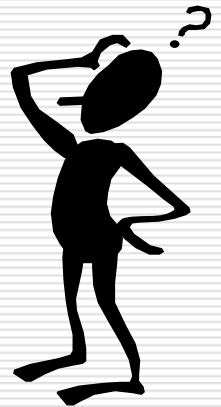

- ❑ Recruiting Support Services: **Fixed \$3K - \$5K**
  - Professional group spec out job,
  - post position on paid sites,
  - rate and screen resume's,
  - schedule in house interviews
- ❑ Pay as you go: **\$85 hour + \$1500 per**
  - Same as recruiting support services
  - sometimes more cost effective if you have multiple positions

# Who to choose? How to Get started?
